

Diversity in today's media is very important and I would like to request that the laws that limit ownership and cross-ownership laws stay in place and NOT be eliminated. One or Two companys in my city should not ve allowed to own all the means of advertising and communications. On a broader scale, no one company should own all of the advertising and communications compants nation-wide. Having just one or two companys controlling all means of communication and advertising would greatly restrict diversity, in opinions and viewpoints, and also culturally
